**Subject:** Support our river and our jobs

We need a river cleanup plan that supports our environment and our economy.

Instead of creating a cleanup plan that will take decades and require billions of dollars, I sure hope the EPA will consider the impact it could have on the jobs on the river. We all want a clean river but the cleanup should also be a responsible one.

Please do what's right for the environment and the important work that happens in the Portland Harbor.

Sincerely,
